It Frequently Happens

that people who make individual loans are bothered in the collection of interest; that they often have difficulty in getting back the principal, and sometimes lose it altogether. Those who deposit their money in this bank are not thus annoyed, for here they get their interest promptly every 6 months. And, better still, they have the satisfaction of feeling that their money is at all times safe, and that the bank is prepared to pay back the principal when needed. 4 per cent. interest paid on all Savings accounts.

In the Eastern Markets.

Mr. Charles E. Lamberd, of the Watts-Lamberd department store, departed last night for the eastern markets, where he will remain for several weeks buying new fall merchandise. He will attend two of the largest silk sales that this country has ever had. These large sales have been caused by the hard pressed manufacturers. Recently they have been hard pressed for business and when you talk quantities and spot cash it's surprising what price concessions they will make. Mr. Lamberd's success at these large sales has been shown by the many great bargains that this large and fast growing department store has given the people of Clarksburg and Harrison county. Their silk department this season has sold 10,000 yards of silks. This goes to show what this wide awake and hustling department store is doing and also shows the confidence and large patronage that they are enjoying. Their departments are the talk of the town. The people of this city may expect and will be given some of the best bargains yet offered them this season. Commencing Monday, August 8, this store will begin its August hour sales and you know there will be something doing every hour in the day. Watch their daily adv. in the Telegram and save your money.
